

## INSTRUCTIONS

**Players:** 2 – 6

**Object:** Don't be the one with the stinky "trash can" at the end of the game.

**Play:** A player is chosen to be the dealer and deals out all the cards to the players (generally some will have one more card than others - this does not matter). The players all look at their cards and discard any pairs they have into the (plastic) trash can case.

The dealer begins. At your turn you must offer your cards spread face down to the player to your left. That player selects a card from your hand without seeing it, and adds it to their hand. If it makes a pair in their hand, they discard the pair. The player who just took a card then offers their hand to the next player to the left, and so on.

If you get rid of all your trash cards, you are safe. The turn passes to the next player and you take no further part. One player will be left in the end with the "trash can" card which does not have a match – the holder of that card is the loser.
